Staff Correspondence of the Journal. RICHMOND, Ind., Jan. 6 .- The Richmond polo team won a decisive victory from the Indianapolis team by a score of 8 to 3. The Quakers could have defeated any team in the world by playing the aggressive game they did against the Indians. Their offense and defense was superb from start to finish and it was simply a case of playing the visitors off their feet. Although defeated by a big score, the Indians were not disgraced. They played a very brilliant contest, but luck was against them. The Quakers started off in the lead and were never headed, although Indianapolis threat-

LOU DILLON'S RECORD IS UNDER DISCUSSION

Deweys Again Fail to Connect and Representatives of Three Trotting Associations Are in Conference.

NEW YORK, Jan. 6.-The establishment of a world's trotting record by Lou Dillon, with the assistance of a wind shield, was the interesting feature considered by the representatives of the National Trotting Association, the American Trotting Association and the American Trotting Register Association, which continued their conference behind closed doors to-day.

When it became known that, in addition to Thomas B. Armitage's request to the board of review of the National Trotting Association for a ruling on the so-called wind-shield records, Robert E. Bonner and other defenders of Maud S.'s world record had filed a protest against the acceptance of Lou Dillon's great performance because The Deweys again failed to connect and the mare's record had been made behind a wind-shield with a sulky provided with pneumatic-tired wheels running on ball bearings, the board of censors of the Regwhich lowered that of Maud S. This opened the two great contests to

further discussion, and to settle the dispute the presidents of the three trotting associations were appointed a special committee to hear arguments by the advocates of Maud S. and Lou Dillon and settle the diswill be done at an open hearing, will be held to-morrow morning.

Among those who have been asked to appear before the presidents and present their sides of the controversy are Robert E. Bonner, son of the owner of Maud S. Dr. Tanner, Harry Devereux, C. K. G. Billings and the owners of other trotters which have recently made fast time behind wind-shields. Before they reach a final decision the members of the special committee expect to call a number of old sportsmen and horsemen who were present when Maud S. made the record which stood for Whatever changes may be made by the

GRIFFITH IS PLEASED.

Outlook for Sunday Ball in New

York Is Encouraging. Manager Griffith, of the New York American League team, expressed delight yesterday over the news that Manager Frank Farrell had completed negotiations which would permit Sunday games by his team in

Greater New York. "These negotiations have been pending for months," said Griffith, "and at the American League meeting Mr. Farrell told me they were practically completed, but that he could announce nothing at the time, without possible hindrance to his plans. We can easily play fourtene Sunday games at home, because it will be a simple matter to jump from any Eastern city to New York when we are playing with the Eastern clubs. on the playing of Sunday games in Gotham,

"It is a good thing, and there is no reason why Sunday games should not be played there, as well as in the West. The grounds secured, as I understand it, are those formerly used by the association. We used them when I was with the Louisville club, and, as I remember, they were quite small, but may have been improved. The principal reason why our clubs have not played on Sundays in New York is the expense necessitated for extra rent and for permission to play. This expense fell wholly on the home club, of course, and ate up so much of the receipts that the visiting team was the only

Captain Louis Bohnstadt stated that the blacksmiths would try to run up an overwhelming score against Shortridge, so that there could be no doubt as to which five was the superior. BASKETBALL GAME HAS BEEN POSTPONED

The basketball game between the German House and Y. M. C. A. teams, which was to have been played to-night, has been 4:38 postponed until to-morrow night. Captain Bates, of the Y. M. C. CORBETT AND BRITT ARE MATCHED TO FIGHT

Champion Agreed to Weight Being 130 Pounds and Details Were Arranged.

DATE HASN'T BEEN SET

It Is Expected the Contest Will Take Place Next Month-Purse Offered.

Special to the Indianapolis Journal. SAN FRANCISCO, Jan. 6 .- A conference was held at Harry Corbett's this evening between Willie Britt and Young Corbett, which resulted in arranging a match between Jimmy Britt and the champion. The conference lasted not more than one minute, as Corbett came to Britt's terms, so anxious is he to meet the California lightweight. Corbett agreed to fight at 130 pounds at 6 o'clock. This is the giving of one pound by Corbett, who has held out all

It was agreed that Graney should be referee and that the fight should come off during February, but the club was not selected. In fact, it is expected that the fighters will gain somewhat by the competition for this pugilistic plum, as it is the biggest drawing card that could be presented here outside of big heavyweights. The men agree not to engage in any fight before this match comes off, but the date is left uncertain because the new board of supervisors has not yet granted permits for fights. Manager Coffroth, of the Hayes Valley Athletic Club, will probably get the fight as he has already made a bid for it for \$20,000, but the fighters preferred a percentage of receipts. They have agreed to split the purse, 65 per cent. to the winner.

POLLOCK IS PLEASED WITH ARRANGEMENTS

Special to the Indianapolis Journal. CHICAGO, Jan. 6.-Harry Pollock, 'Young Corbett's" manager, arrived from San Francisco to-day and left for New York in the evening. Speaking of the Cor-

bett-Britt match he said: "I was not surprised to learn that the boys had agreed on terms. We were holding out for 129 pounds, weigh in at 3 o'clock, the weight at which Britt agreed to fight The Milwaukee Boxing Club is after Benny Yanger or Tommy Mowatt to meet the winner of the Charley Neary-Aurelio Herrera contest, which takes place under the auspices of the Badger Club to-morrow night. Silvi Ferreti, the club's local representative, said to-day that he was empowered to offer \$1,500 for the match, and made that proposition to P. J. Carroll, Mowatt's manager.

LIGHT OPERA PICKED TO WIN MANY RACES

ST. LOUIS, Jan. 6.-Clint Burnett predicts that Crowley & Lemp's four-year-old gelding Light Opera, by Counter Tenor, is going to make a real high-class racing machine this year. Burnett trained Light Opera at St. Louis last fall and won a number of good races with the gelding at Delmar and

"Light Opera did not have a sound foot under him when I took charge of the gelding," declared Burnett. "His four hoofs Finishes in Front of the Heavily Three Favorites Are Beaten at Redfern Finishes First Under the were rotten to the shell, and the horse would be in such misery after a race or workout that he invariably laid down in his stall to keep the weight of his body off his bad underpinning. Light Opera is the first race horse that ever managed to win races under such adverse circumstances. For that reason I have always regarded the horse as sociation team for Sunday games. I guess one of the gamest that ever looked through out for the winter, with a view of giving the horse a chance to grow an entire new set of feet. With sound underpinning, I don't know of a horse around St. Louis that has license to beat Light Opera.

CHICAGO, Jan. 6.-Jack Munroe and John Rooney will wrestle in a handicap match here on the night of Jan. 15 if the plans do not fall through.
